Partner with us

In order to provide these essential services to Challenge, Food Angels must host fundraising events that generate crucial funds to support our mission.

At Food Angels, we believe that partnerships are key to making a real and lasting impact. We are proud to work with like-minded organisations, both big and small, to raise funds and awareness for children and families living with cancer. Our partnerships serve as a beacon of hope, advocacy, and support, and we are always looking for new ways to collaborate with brands that share our values.

When you partner with Food Angels, you become an integral part of a community that is committed to providing practical, social, and emotional support to those in need. Together, we can raise vital funds, create meaningful experiences, and amplify the voices of families who need our help the most.
